

# Worldwide Research, Development and Medical **Postdoctoral Program**

## Pfizer Pharmaceutical Careers and Postdoctoral Opportunities Educational Event

**Tuesday, November 16, 2021**

8:30am–5:30pm EST

The event will be held virtually

Pfizer Pharmaceutical Careers and Postdoctoral opportunities Educational Event is an opportunity for PhD students **within 12 months of graduation** to attend a virtual event at Pfizer to learn more about the **Pfizer Worldwide Research, Development and Medical Postdoctoral Program**.

Benefits of attending this event:

- Learn about the pharmaceutical career track and **Postdoc opportunities at Pfizer**.
- Opportunity to present PhD research to Pfizer colleagues.
- Network with senior scientific leaders and hiring managers.

The event will be held virtually on **November 16, 8:30am-5:30pm**.

Selected candidates will have the opportunity to present a talk to Pfizer colleagues and learn about some of the various research areas at Pfizer, including oncology, metabolic diseases, vaccines, rare diseases, and inflammation and immunology. Awardees will be expected to attend the entirety of the event.

To be considered for this opportunity please submit your application by **July 30, 2021**.

Awardees will be notified by **September 14, 2021**.
