Postdoc Preview is a recruiting event and opportunity for upper-level graduate students to explore the extensive postdoctoral research and training opportunities in biomedical sciences at the University of Michigan. During a fully-funded, two-day visit, candidates will have the opportunity to interview with prospective mentors, network with current postdocs, and learn about life in Ann Arbor.

Graduate students who expect to complete their Ph.D. research by December 2022 are encouraged to apply!

Areas of research range from clinical departments such as Internal Medicine and Neurology as well as basic science departments including Bioinformatics, Biological Chemistry, Cancer Biology, Cellular & Developmental Biology, Cellular & Molecular Biology, Human Genetics, Immunology, Microbiology & Immunology, Molecular, Cellular, & Developmental Biology, Molecular & Cellular Pathology, Molecular & Integrative Physiology, Neuroscience, and Pharmacology.
